

# Algenis “Seth” Ferreira

Jersey City, NJ 07305 | [semfware@gmail.com](mailto:semfware@gmail.com) | 551-318-3268  
Portfolio: [sethferreira.github.io](https://sethferreira.github.io) | [Github: github.com/SethFerreira](https://github.com/SethFerreira)

## Objective

Enthusiastic Front-End Web Developer seeking a position to leverage my skills in HTML, CSS, JavaScript, and modern frameworks to build engaging, user-friendly web applications. Eager to contribute to dynamic projects, collaborate with teams, and deliver impactful solutions while growing professionally in front-end development.

## Skills

**Languages:** HTML5, CSS3, JavaScript (ES6+)

**Front-End:** Responsive Web Design, DOM manipulation, Event Handling

**Tools & Version Control:** Git, GitHub

## Employment

### Sonic Drive-In

**Gainesville, FL**

*Cook*

01/2023- 05/2024

- Prepared and packaged food products in alignment with operational and quality standards
- Operated dresser, swamp, grill, and prep stations to ensure efficient workflow
- Completed cleaning and sanitation tasks, including trash disposal, mopping, sweeping, and dishwashing
- Moved and stocked food products weighing up to 50 pounds to support inventory management
- Performed additional job-related duties as assigned to contribute to overall team success

### Sage Eats

**Jersey City, NJ**

*Pizzaiolo*

04/2019- 12/2022

- Crafted pizza ingredients, including dough, sauces, and a variety of toppings
- Baked pizzas to meet customer satisfaction and quality standards
- Packaged pizzas neatly and accurately after baking
- Processed pizza sales managing both cash and electronic transactions
- Evaluated inventory, reported shortages, and maintained a clean, sanitary workplace

### Sonic Drive-In

**Springfield, MO**

*Cook*

12/2016- 03/2019

- Assembled and packaged food items according to quality and operational standards
- Supervised kitchen stations—dresser, front swamp, back swamp, grill, and prep
- Executed cleaning and sanitation, including trash removal, mopping, and dishwashing
- Handled and organized food products up to 50 pounds for effective inventory management
- Undertook additional responsibilities as needed to support overall team objectives

## Education

**Promineo Tech & College • Software Engineer Bootcamp**

05/2021

**GenerationUSA • Full-Stack Java Developer Bootcamp**

08/2022

## Projects

- **Beanbuck Shop:** Built a responsive coffee shop webpage using HTML, CSS, and JavaScript
- **Rock Paper Scissors:** Interactive Rock Paper Scissors game — HTML, CSS, JavaScript
- **Grocery List:** Created a dynamic grocery list app with add, edit, and delete features
